1956

Dedicated to the loving hands — the hands of fathers and mothers, of relatives and friends, who through the years of the schools history have labored so willingly and faithfully that **Glendale Union Academy** could be established and maintained as a center of Christian education for the Seventh-day Adventist youth. To you the students dedicate the 1956 Stepping Stone.

Whenever a task is completed we always have a certain feeling of satisfaction. Very few things are accomplished without hands. Let us be thankful for hands with which to serve, for the world waits for the service that your hands can give.

The Junior High division is another progressive movement at Glendale Union Academy. Grades 7, 8, and 9 are in this division, and its enrollment has reached 202. The group carries on its own campaigns and its own chapel programs; each month a page in the school paper, the Key, presents some of the Junior High activities.

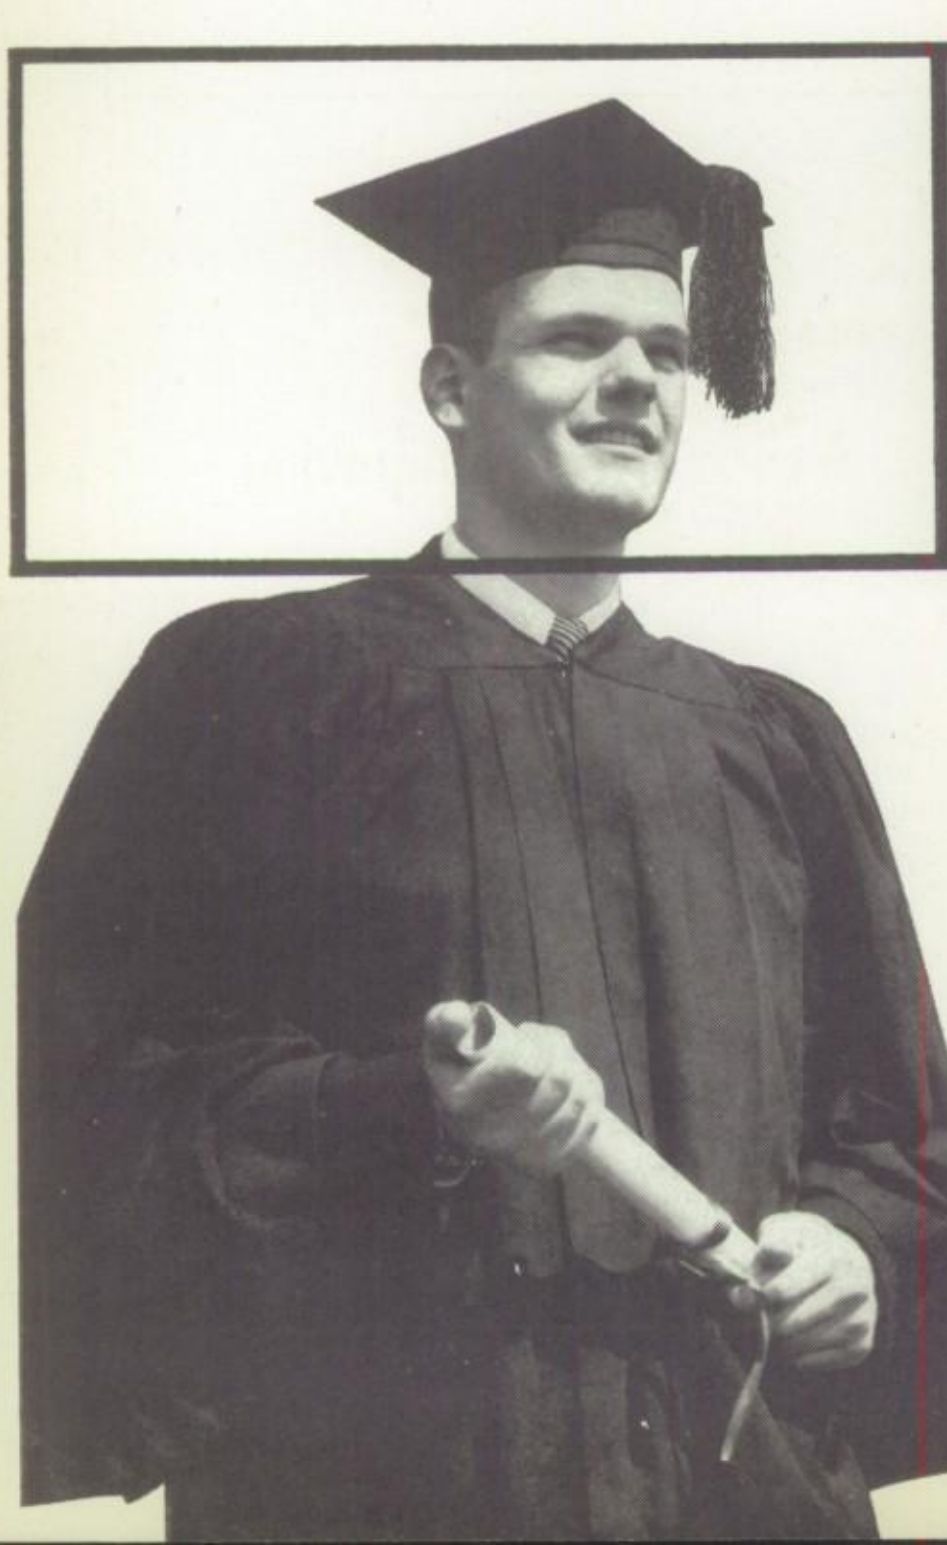
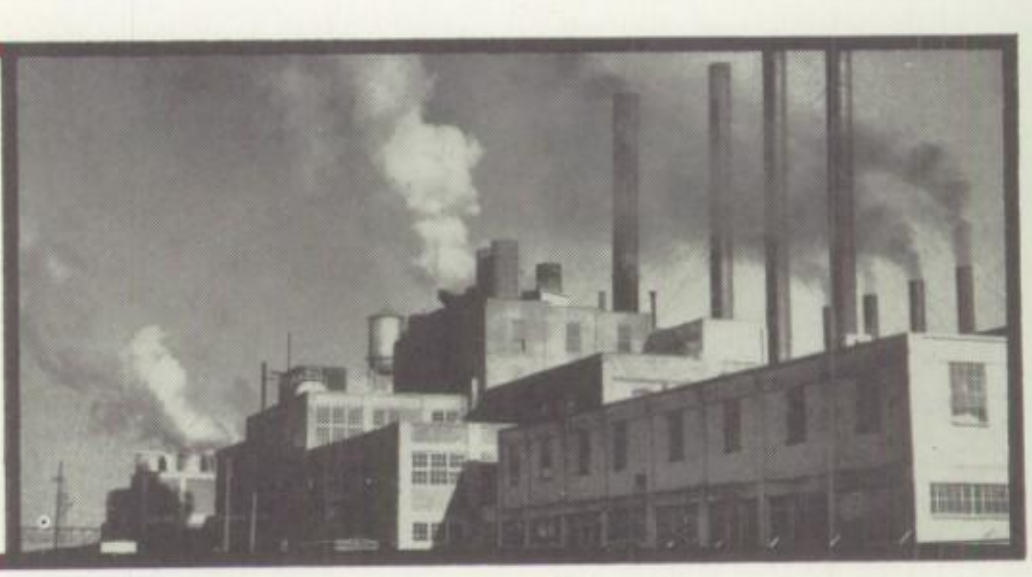
"What does the future hold for me?"

Don't wait until you graduate.
Start planning *your* future right now—
and when college days are over
there will be a place for you.

There is a place in industry where the knowledge, training, ability and characters of Christian young men and women will enable them to preach sermons every day—in deeds—if not in words. You will find as much opportunity to share your faith, to live your religion, and to enjoy financial success and independence, in industry as in any other field of endeavor.





Why not consider a future with one of America's leading industries who is seeking the skill and ability you possess. The Ace Drill Bushing Co., Inc., can use you if you are prepared. ACE business counselors will gladly assist you in planning a future that will be both profitable and satisfying. For information, write or contact Personnel Mgr.
